## About the Elective

This two-year Online MBA in Digital Finance is designed based on present-day industry requirements for individuals looking to gain expertise in finance and technology. It is a specialized degree program that focuses on the application of digital technologies and innovations in the field of finance. The MBA in Digital Finance program equips learners with the knowledge and skills necessary to understand and leverage the digital transformation taking place in the financial industry. Learners will gain insights into the fintech ecosystem, including emerging startups, established financial institutions' initiatives, and regulatory frameworks. The Online MBA in Digital Finance is intended to enhance learners' knowledge of financial technologies, thus accelerating their careers in key corporate roles in the finance and technology domain.

## Elective Highlights

- + Exposure to topics like digital payment systems, mobile banking, and their role in promoting financial inclusion
- + Explore how AI, blockchain, big data analytics are disrupting traditional financial services
- + Learn the tricks and strategies for risk management and cybersecurity
- + Propose solutions by analyzing real-world situations as a part of a master thesis

## Eligibility

Pass in an Undergraduate (Bachelor) Program of a minimum duration of three (3) years in any stream from a UGC recognized University, with a minimum aggregate of 50% or an equivalent letter/numerical grade. A relaxation of 5% shall be given to SC/ST candidates.
