Master of Business Administration (MBA)

with an Elective in FinTech

2 Years | UGC Entitled Online Degree Program

Live Sessions | Self Learning Material | Discussion Forums | Online Exams

About the Elective

The marriage of Finance and Technology has indeed disrupted the start-up space; FinTech has taken the financial economy by storm and changed the economic landscape in many aspects.

To ride this tide, we have come up with a robust MBA FinTech degree program with a vast curriculum covering different paradigms of the Fintech world. This elective empowers your FinTech knowledge through hands-on training from industry experts, real-world case studies, projects involving technologies like Blockchain and Cloud Computing, as well as valuable interactions with FinTech industry leaders and entrepreneurs. The curriculum is designed to provide you with in-depth exposure to key elements of the FinTech domain. The elective covers every critical aspect of FinTech along with hands-on training with prominent technologies such as API, Blockchain, Cloud Computing, AI, Machine Learning, RPA, IoT and Big Data. The thrill of our FinTech elective lies in being able to practically apply what you learn to real business scenarios and problems. To make sure that you're ready for a full-time FinTech career, you will work on various projects as part of the FinTech elective, as well as a comprehensive evaluation that tests your FinTech knowledge and application in a theoretical decision-maker role. If you are looking to explore your career in

Elective Highlights

+ Strong foundation in the principles with unique Fintech pedagogy
+ Hands-on training with prominent technologies such as API, Blockchain, Cloud Computing, AI, Machine Learning, etc.
+ In-depth understanding of every aspect of FinTech, along with a detailed, strategic and practical approach
