# RANKINGS & ACCREDITATIONS

## Eligibility:

Minimum academic qualifications for eligibility to join the first semester class of Course are : The candidate should have passed:

B.Sc. (Hons.) in concerned subject with at least 50% marks in aggregate from any recognized University

OR

B.Sc. in full subjects with (Hons.) in concerned subject, obtaining at least 50% marks in aggregate of Hons. examination from any recognized University

OR

B.Sc. with concerned subject securing at least 50% marks in aggregate from any recognized University

OR

B.A. with Mathematics as one the main subject securing at least 50% marks in aggregate from any recognized University

## Annual Fees:

**Indian Students (INR) :** Rs. 35,000

**International Students (USD) :**

- Foreign (SAARC\*) : \$500
- Foreign (Others) : \$850

**\*SAARC COUNTRIES : NEPAL, BHUTAN, BANGLADESH, SRI LANKA, MALDIVES & PAKISTAN**

## Duration:

2 Years (4-Semester)

## Admission Process

### STEP 01

"Explore the online programme"

### STEP 02

"Fill the admission form online"

### STEP 03

"Get shortlisted by admission expert"

### STEP 04

"Pay the programme fees"

### STEP 05

"Start learning"

**\*Our admission counselor will guide you through-out the Admission process (1800 2740 240)**

# Curriculum:

| 1 <sup>st</sup> Semester  | 2 <sup>nd</sup> Semester                   | 3 <sup>rd</sup> Semester             | 4 <sup>th</sup> Semester            |
|---------------------------|--------------------------------------------|--------------------------------------|-------------------------------------|
| Advanced Abstract Algebra | Measure theory and Integration             | Functional Analysis                  | Integral Equation                   |
| Real Analysis             | Differential Geometry                      | Mathematical Statistics              | Operation Research                  |
| Topology                  | Partial differential Equation              | Optimization Techniques              | Integral Transforms                 |
| Complex Analysis          | Discrete Mathematics                       | Fluid Mechanics                      | MAT LAB                             |
| Differential Equations    | Analytical Mechanics & Variational Methods | Essentials of Information Technology | Seminar                             |
| Advance Excel Lab         | Latex                                      | Python Software                      | Elective -II<br>OR<br>Elective -III |
| Seminar                   | Seminar                                    | Seminar                              |                                     |
| Elective-I                | Mechanics of solids                        | Elective-I                           |                                     |
| Elective-II               | Differential Manifold                      | Fuzzy sets                           |                                     |
| Elective-III              |                                            | Reliability Theory                   | Graph Theory                        |
|                           |                                            | OR                                   |                                     |
|                           |                                            | Dissertation /Project                |                                     |

In 3<sup>rd</sup> semester, students are required to opt any one paper of Elective-I.

In 4<sup>th</sup> semester, student can choose either any two papers of Elective-II or Elective-III (Dissertation/Project).

## THE ONLINE MM(DU) ADVANTAGE

To cater the multiple learner need of Aspirants, MM(DU) uses technology-enabled learning platform to impart learner-centric quality education. This academic program serves as the ideal up-skilling for both beginner and experienced.

### ● **Anytime-Anywhere Learning**

- ★ Students enjoy the process of learning like a lively classroom environment
- ★ Learn at your own pace and get the best of both- the comfort & flexibility of online education just like an on-campus
- ★ Computer-based online proctored examinations.

### ● **Team of expert faculty and mentors**

- ★ Interaction with experts from renowned academicians and industry professionals
- ★ Regular LIVE Classes by Experienced Faculty
- ★ Portfolio Building With Real-world Projects
- ★ Exemplary Employer Ratings of Various Programs
- ★ Dedicated course mentor allocated to each student
- ★ Flexible and modern curriculum selected for maximum industry relevance

### ● **Career support to find your dream job**

- ★ Career Assistance & Exclusive Virtual Job Fairs
- ★ Professional Mentorship to Cultivate Future Business Leaders
- ★ Hand Holding By Student Relationship Managers
