About the Program

This program exposes you to the strategic and operational role Logistics and Supply Chain play in the global business environment, with an emphasis on domestic and international logistics systems.

Logistics and Supply Chain Management (LSCM) is also known as Demand Chain Management as it operates on the pull from the customer and there is a network of suppliers, manufacturers, distributors, retailers, transporters, warehouse owners, and many more intermediaries.

This programme is meant for entrepreneurs and professionals who are moving into mid or senior management roles in logistics, e-commerce, manufacturing, warehousing, aviation, shipping, research, consulting and other related industries, within India as well as globally.

Key Highlights of the Program

Interactive Live Sessions: Learn directly from industry experts and global faculty through engaging live sessions.

Dedicated Academic Advisor: Receive personalised guidance and support for your academic and career journey.

Facilitated Group Interactions: Participate in supervised discussion forums to collaborate and interact with peers.

Career Essential Programmes: Avail employability assistance and career-enhancing trainings in partnership with LinkedIn Learning, free of cost.

Robust Learning Management System: Learn from updated study materials, online library, and a user-friendly learning platform.

Real-World Application: Acquire practical skills through engaging projects and case studies for real-life impact.

Testimonials

"The program helped me in a detailed study of Supply Chain and Logistics. Also, I got to know how all things work in any organization. Through this program, I got knowledge about how the inventory is managed and other things as well. This benetted me in my car eer because I applied the same thing in my job prole, which is being appr eciated by seniors.

"The best part about the course is that is not an entirely remote program, you get to visit the campus for your exams and gives you a clear sense of belonging to the institution. The support I've received from my Program Coordinator Ms Suman Grover throughout the course was remarkable. The faculty was brilliant, and their quality of teaching was par excellence. Overall, a very seamless and delightful experience.

FAQs

Question- Are the online degree programs offered by UPES University approved by UGC?

Answer- Yes, this course has been strictly designed as per UGC guidelines. UGC has entitled UPES to offer online degrees. If you complete any of our online degree courses, you will receive the same degree as students who study on our campus.

Question- Will this degree be valid/ recognized outside India?

Answer- Yes, UPES University is entitled by UGC to offer online degrees that are recognized in India as well as abroad. Our alumni have pursued further studies post-completion of their online education at UPES CCE.

Question- Do you offer any employability assistance?

Answer- We teach our learners the most updated curriculum and required skills to make them job-ready. The content is created by industry and academic experts, who painstakingly review the content at least twice a year.

The majority of our students are already employed. And those who are not get mentored by the academic team through multiple engagement activities. The employability-related queries asked by the students are individually addressed.

Question- Can I go for PhD after doing an online MBA from UPES?

Answer- Yes! You can very well do a PhD after successfully completing your MBA degree. PhD enhances your employability quotient and helps you with progress in your career.

FAQs

Question- Can I pursue an online MBA and PGP program together?

Answer- Yes, you can pursue a short-term PGP or Certification course along with your MBA degree program.

Question- Why should I choose your online program?

Answer- Learning at UPES not only makes you job-ready but also helps you in climbing your career ladder.
