Successful Career Transitions

About the Program

At UPES CCE, the main goal of this MBA program is to create a pool of technically trained manpower readily available for recruitment to the power sector companies. The program includes various aspects of power management like the electricity market, financing of power sector projects, economy, power pricing, and power sector regulations.

The program also immerses well-defined learnings and related facets of management relevant at the regional, national and global levels.

With an upgraded curriculum that matches the present industry requirements, this MBA program shall give you insights into power management issues and prepare you for handling the challenges of the changing global world.

Key Highlights of the Program

Interactive Live Sessions: Learn directly from industry experts and global faculty through engaging live sessions.

Dedicated Academic Advisor: Receive personalised guidance and support for your academic and career journey.

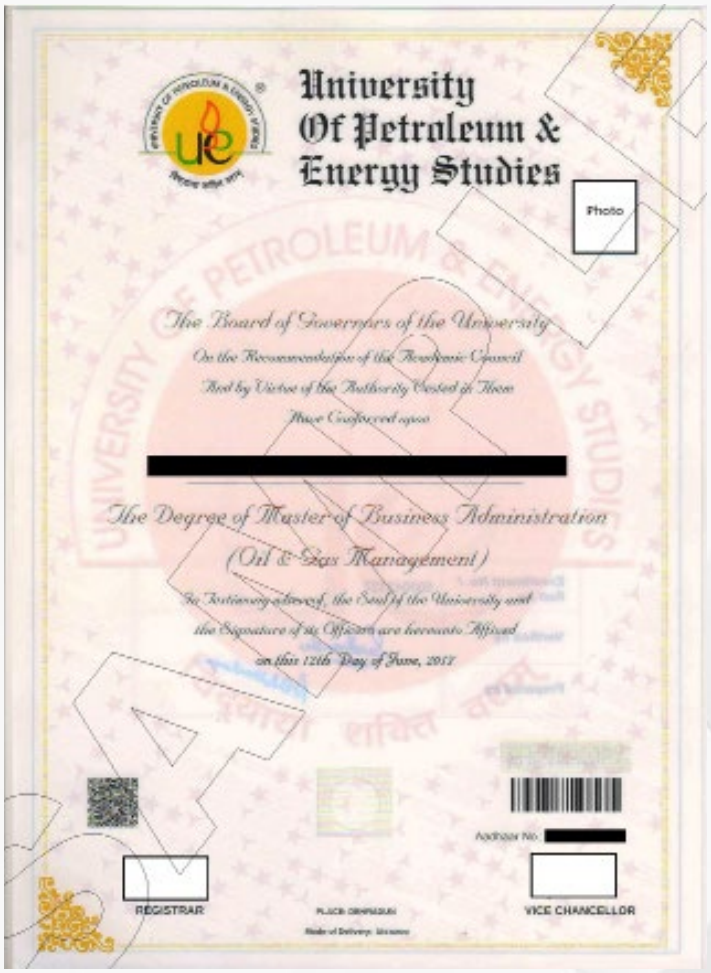
Facilitated Group Interactions: Participate in supervised discussion forums to collaborate and interact with peers.

Career Essential Programmes: Avail employability assistance and career-enhancing trainings in partnership with LinkedIn Learning, free of cost.

Robust Learning Management System: Learn from updated study materials, online library, and a user-friendly learning platform.

Real-World Application: Acquire practical skills through engaging projects and case studies for real-life impact.

Certification



UPES is entitled by UGC to offer online degrees that are recognized in India as well as abroad.

Testimonials

"The Program is very exible and equally enriching to my eld of pra ctice i.e Power System Engineering. Additionally, the coursework gives you ideas, and relevant theories to help you develop the skillset that you need, and experiment with the issues that you face at the site.

Akshay Sreenivasan
Protection and Control Engineer, 7 years
South East Asia & the Middle East

"MBA in Power Management from UPES has given me self-condence in my car eer in going ahead to different roles and has added a feather to my career cap in getting a nice role in the engineering department. In my previous organization, I was Engineer- in Electrical & Automation looking after the Projects at the site, which was tough, but it gave a direction to my career.
And after my MBA at UPES CCE, I got a newer and bigger role in Tata Power in the Corporate Ofce and work as the T eam Lead-Engineering Department.

SATYA PRASAD NAYAK
MBA Power Management
TATA POWER/ TEAM LEAD-ENGINEERING
Exp- 9 YEARS 6 MONTHS

"The program is well connected with all possible dimensions of the existing market scenario and future opportunities under Indian & Global Standards. I am very satised with what I have achieved in my so-far career post my MBA from UPES CCE. Through this program, my career has got an exponential boost in terms of recognition and responsibilities, both.

FAQs

Question- Are the online degree programs offered by UPES University approved by UGC?

Answer- Yes, this course has been strictly designed as per UGC guidelines. UGC has entitled UPES to offer online degrees. If you complete any of our online degree courses, you will receive the same degree as students who study on our campus.

Question- Will this degree be valid/ recognized outside India?

Answer- Yes, UPES University is entitled by UGC to offer online degrees that are recognized in India as well as abroad. Our alumni have pursued further studies post-completion of their online education at UPES CCE.

Question- Do you offer any employability assistance?

Answer- We teach our learners the most updated curriculum and required skills to make them job-ready. The content is created by industry and academic experts, who painstakingly review the content at least twice a year.

The majority of our students are already employed. And those who are not get mentored by the academic team through multiple engagement activities. The employability-related queries asked by the students are individually addressed.

Question- Can I go for PhD after doing an online MBA from UPES?

Answer- Yes! You can very well do a PhD after successfully completing your MBA degree. PhD enhances your employability quotient and helps you with progress in your career.

FAQs

Question- Can I pursue an online MBA and PGP program together?

Answer- Yes, you can pursue a short-term PGP or Certification course along with your MBA degree program.

Question- Why should I choose your online program?

Answer- Learning at UPES not only makes you job-ready but also helps you in climbing your career ladder.
